To whom it may concern:

This letter is drafted with the objective of articulating the invaluable efforts of Michael Randall. Mr. Randall, and his **Share the Dream Foundation**, has been instrumental in my mission to obtain veteran's benefits, providing the motivation I needed to complete the application, and the subsequent appeal process regarding my claim.

Mr. Randall listened to all of my concerns, and helped to facilitate measurable outcomes regarding my case specific matter. I would recommend Mr. Randall to any armed services veteran, seeking to acquire firsthand knowledge of the Veteran Affairs Administration, and their policies regarding veteran compensation.

I want to sincerely thank the **Share the Dream Foundation** for their continued efforts to ensure that no veteran is left behind. Those who have fought the good fight for our armed services deserve adequate care, post periods of active service. Without the help of these grassroots organizations our servicemen and women will continue to be ignorant of their benefits assistance. Thank you Michael Randall and the **Share the Dream Foundation!**

Sincerely,

B. J. Salters
