Dear Michael Randall ,

The purpose of this letter is to personally thank you on behalf of myself, Committee Chairman), and all the men of Phi Kappa Kappa Chapter for participating in our Chapter's Annual Football Summit program on February 9, 2013, held at Miller Grove High School, Lithonia, Georgia.

Your support to this chapter of Omega Psi Phi Fraternity, Incorporated was truly noteworthy in the dedication of the funds for the food provided and for the purchase of books for students. On behalf of the entire membership of the chapter we are most thankful for taking time out of your busy schedules to provide such an outstanding turnout and support at our Annual Football Summit.

As you know, Phi Kappa Kappa, was chartered on Fort McPherson in December of 1998 and as a military chapter of the fraternity we pride ourselves in the mission to provide community service back to residents of the Metropolitan Atlanta area.

This year you greatly assisted that goal as your support will enabled us to assist high school seniors reach their educational goals in attending an institution of higher learning.

Thank you once again for all that you do, all that you continue to do, and assisting the chapter in making this years' Annual Football Summit a huge success. We look forward to seeing you again next year.

Please accept our deepest thanks and our appreciation for your continued support of all of our community programs.

Fraternally,

Phil Thomas
